

## Joyous June

Dear Parents,

We are thrilled to extend a warm welcome to you as we embark on an exciting new academic year.

We are sure that our students are ready to unleash their boundless energy, curiosity, unique talents, ideas, aspirations and unlock their full potential.

We, on our part will ensure that the transition from their previous grade is a smooth one.

A warm welcome to all the students and parents who have become a part of the Vyasa Family this year.

A note from the  
Coordinator.

Let us embark on this journey of learning and growth together with lots of enthusiasm and dedication. Each student should embrace every opportunity that comes their way. It is not just about academics but also exploring their interests, discovering their strengths and building lasting friendships

May this academic year be filled with joy, knowledge and growth.

The theme for World Environment Day on 5 June 2023 will focus on solutions to plastic pollution under the campaign **Beat Plastic Pollution**. More than 400 million tonnes of plastic are produced every year, half of which is designed to be used only once. Of that, less than 10 per cent is recycled. An estimated 19-23 million tonnes end up in lakes, rivers and seas. Today, plastic clogs our landfills, leaches into the ocean and is combusted into toxic smoke, making it one of the gravest threats to the planet. The good news is that we have science and solutions to tackle the problem –and a lot is already happening. This underscores the importance of this World Environment Day mobilizing action from every corner of the world.

**Let's reduce plastic usage together.**

As a family share a unique method you used to create awareness among your community about the detrimental effects of plastic bag usage.

Kindly send in your entries by 20<sup>th</sup> of June to win a “Vyasa Eco-Warrior Badge”

*We would like to wish all the students celebrating their birthday this month an awesome one.*

As we venture into the new academic year we are committed to providing our students with a stimulating, inclusive and innovative learning environment.

We are excited to share with you the latest developments in the educational landscape that will shape our student's learning journey. The New Education Policy (NEP) and the National Curriculum Framework (NCF) have been introduced with the aim of revolutionizing the way education is imparted and empowering students to thrive in the 21<sup>st</sup> century.

At Vyasa International School, we are committed to embracing the principles set forth by NEP and NCF. Our curriculum will be enriched with interdisciplinary learning, project-based activities and hands-on experiences that foster critical thinking, creativity and a love for learning.

Throughout the year, we will keep you informed about important dates, upcoming events, curriculum updates and other relevant information through various channels, including this newsletter. We invite you to read each edition with enthusiasm, as it will serve as a window into the vibrant and dynamic happenings at our school.
