From the Principal's desk.....

Dear Vyasa International School Parents and Community,

As a Principal of Vyasa International School, myself Vidhya U R who has been inducted recently into Vyasa family, takes great pleasure to welcome you all back for another great academic year (2023-24) ahead. We are all excited to have students back in our class rooms and corridors filling them with energy and enthusiasm for learning. It is our mission to help every

child feel welcomed, connected and to be a part of Vyasa family. Additionally, we strive to challenge each student to grow in his or her academic abilities and to be college ready. At Vyasa, we have great teachers who spend hours planning and creating classroom activities to engage our students in learning. Our teachers utilize research based best practices and analyze academic data to determine current skill levels and set goals for growth and improvement. We believe that all students should graduate from higher secondary school, prepared for the demands of meaningful careers and effective citizenship.

We are a welcoming community where the diverse gifts of each are cobbled together in the spirit to produce a vibrant congregation. I feel that open lines of communication between the parent, student and teacher are the key to promoting an educational climate that is conducive for learning.

I am truly honoured to serve as a principal of Vyasa International School. It is indeed a privilege to be a part of a community where parents, students and teachers care for each other and strive to build a positive relationship that support academic and social growth. Let's make another successful academic year together in Vyasa International School!!

Sincerely,

Vidhya U R
